INFRASTRUCTURE & INVESTMENTS (PORTS) DEPARTMENT

G.O.Ms.No. 21

Dated:29.06.2026
Read the following:

1. G.O.Ms.No.13, I&I (Ports-I) Department, Dt. 18-02-2020
2. From the Chief Executive Officer, APMB, E-file Computer No. 3281004

ORDER:

In the reference 1st read above, Government has notified the Ramayapatnam Port Limits.

2) In the reference 2nd read above, the Chief Executive Officer, APMB has stated that the current port limits of Ramayapatnam Port extend approximately 51 kms along the coastline, which are significantly larger than the areas presently required for port operations and planned development activities. A substantial portion of the notified area remains non-operational and does not serve any immediate functional purpose for port-related activities. Further, the existing limits have the potential to create jurisdictional overlaps with adjoining ports and may constrain integrated coastal development planning. The Chief Executive Officer, APMB has proposed to rationalize the port limits in alignment with the objectives of the Andhra Pradesh Maritime Policy, 2024, which envisages integrated and sustainable development of ports and port-led infrastructure across the State.

3) The Chief Executive Officer, AP Maritime Board has proposed to rationalize the port limits of Ramayapatnam Port in Prakasam District by redefining the port jurisdiction to a coastal stretch of 15 kilometres, in place of the existing extents of approximately 51 kilometres as detailed below and requested to issue revised notification under Indian Ports Act, 2025, read with Clause 45 of the Indian Port Rules, 2026:

SCHEDULE

DISTRICT (1)	PORT (2)	PORT LIMITS (3)	
Prakasam	Ramayapatnam	(Area between the following Coordinates)	
		POINT 1	15° 03.855'N / 080° 02.921'E

POINT 6	14° 55.819'N / 080° 04.112'E

DISTRICT (1)	PORT (2)	PORT LIMITS (3)

		POINT 1 15° 03.855''N / 080° 02.921''E
		POINT 2 15° 04'300'' N / 080° 05'000'' E

5. **Justification for Alteration:**

The rationalization of Port Limits is required considering that the existing notified landward limits were fixed at different periods based on the anticipated development requirements of respective ports. In view of the present status of certain non-operational ports, revised development plans, actual operational requirements, and the need for

efficient management of port areas, it is necessary to review and rationalize the limits. The proposed revision will avoid unnecessary inclusion of excessive land areas while ensuring adequate extent for future port development, navigational requirements, and associated maritime activities.
