

DR. VAMSI VALLABHANENI
Former Member of Legislative Assembly
YSRCP In-Charge, 71-Gannavaram Assembly Constituency
Krishna District, Andhra Pradesh

Date: 12-08-2026

To,

The Chief Election Commissioner
Election Commission of India
Nirvachan Sadan, Ashoka Road,
New Delhi – 110001

Subject: Consolidated representation on behalf of 71-Gannavaram Assembly Constituency reiterating four unanswered representations dated 05-07-2026, 21-07-2026, 23-07-2026 and 08-08-2026 regarding serious irregularities in SIR 2026 — non-furnishing of the booth-wise Logical Discrepancy List (32,524 electors) — no reverification/audit of Polling Stations 24 to 70, Vijayawada Rural Mandal — unexplained, disproportionate concentration of No Mapping cases at Polling Stations 58, 59 and 53, Prasadampadu — confirmed, photo-verified cases of multiple registration — request for a substantive, written, reasoned reply and priority action on the specific reliefs sought, before closure of the SIR 2026 window on 30-08-2026 — and doubts requiring clarification regarding the Commission's cross check mechanism for de-duplication of electors across the Nationwide Elector Bank.

Reference:

- (i) Representation dated 05-07-2026 – large-scale non-traceable Enumeration Forms and suspected bogus voter additions in 2024, 71-Gannavaram AC.
- (ii) Representation dated 21-07-2026 – pending “No Mapping” cases and other anomalies in the electoral roll – request for corrective action and booth-wise list.
- (iii) Representation dated 23-07-2026 – manipulation of the ASDD (Absent-Shifting-Death-Double) List during the 10-day extension of SIR 2026, Vijayawada Rural Mandal (Ramavarappadu, Prasadampadu and Enikepadu villages), Polling Stations 24 to 70.
- (iv) Representation dated 08-08-2026 – confirmed cases of multiple registration, suspected dual enrolment of outstation-employed voters, concentration of No Mapping cases at Prasadampadu, and non-furnishing of the Logical Discrepancy List.

- (v) Letter No. REV-CORD0ELC/140/2026-SA(COORDN-5)-KCO dated 24-07-2026 of the Special Deputy Collector for the District Election Officer & Collector, Krishna, forwarding the representation at (iii) above to the Electoral Registration Officer and the AEROs/MPDO concerned for a compliance report.
- (vi) Election Commission of India's Standing Operating Procedure dated 11-08-2023 for deletion of entries from the electoral roll.
- (vii) Hon'ble Supreme Court judgment dated 27-05-2026 in Association for Democratic Reforms & Ors. v. Election Commission of India, W.P.(C) No.640/2025.
- (viii) Hon'ble Supreme Court orders dated 22-01-2026 and 24-02-2026 in the West Bengal SIR matters.

Respected Sir/Madam,

1. I am addressing this representation to the Election Commission of India in my capacity as the immediate past Member of the Legislative Assembly from 71-Gannavaram Assembly Constituency, Krishna District, Andhra Pradesh, and as the In-Charge of the Yuvajana Sramika Rythu Congress Party (YSRCP) for this Constituency. Acting through the Party's Central Complaints Cell and its Booth Level Agents deployed across every polling booth of the four Mandals comprising this Constituency; Gannavaram, Bapulapadu, Unguturu and Vijayawada Rural Mandals. I have kept close and continuous watch over the conduct of the Special Intensive Revision (SIR) 2026. That vigil has produced four detailed, fact and figure substantiated representations, addressed to the Chief Electoral Officer, Andhra Pradesh, with copy to the Election Commission of India, the District Election Officer, Krishna, and other concerned authorities, at References (i) to (iv) above. I now approach the Commission directly and personally, because the cumulative, unaddressed weight of these four representations read together with the short time now left before the SIR 2026 window closes on 30-08-2026 has, in my considered view, reached a stage where it can no longer be left to routine correspondence at the district level.
2. Save for a solitary intervention a purely procedural memorandum dated 24-07-2026 (Reference (v) above), by which the Special Deputy Collector for the District Election Officer & Collector, Krishna, merely forwarded the representation at Reference (iii) to the Electoral Registration Officer, the AEROs/Tahsildars of all four Mandals, and the AERO/MPDO, Vijayawada Rural Mandal, calling for "necessary action" and a "report... within a week" no substantive, reasoned response addressing the merits or the specific reliefs sought has been received to any of the four representations to date. This is despite the representation at Reference

(iii) expressly seeking a reasoned reply within three days, given the compressed SIR timeline, and despite the representation at Reference (iv) reiterating that very request nearly three weeks later. Even the solitary transmittal referred to above is, on its own terms, no more than an internal direction for a compliance report addressed to subordinate field functionaries; it disposes of none of the reliefs sought, and its outcome, if any, has not been communicated to the Party to date.

3. For the Commission's ready reference, the four representations, their core subject matter and their principal reliefs are summarised below:

Date	Core Subject-Matter	Principal Reliefs Sought
05-07-2026	Statistically improbable addition of 21,023 electors (2019–2024), 13,164 (17.4%) of it in Vijayawada Rural Mandal alone; consequent 14,927 non-traceable Enumeration Forms across 184 of 307 booths; EPIC records showing “No Data Found” on the ECI portal; splitting of family voters across distant booths.	Independent, multi-party verification of all 14,927 non-traceable forms; sealed, jointly-signed register for undelivered forms; public disclosure of the booth-wise list; inquiry into the 21,023 additions of 2024; correction of “No Data Found” EPIC records; consolidation of split families via Form 8-A.
21-07-2026	14,199 electors placed in “No Mapping” status on account of rigid age-gap criteria (parent–child, grandparent–child, sibling) that disregard undocumented rural birth dates.	Administrative resolution of genuine legacy cases; immediate furnishing of a booth-wise “No Mapping” list to enable BLAs to assist BLOs.
23-07-2026	Large-scale, unexplained alteration of the ASDD List for Polling Stations 24 to 70, Vijayawada Rural Mandal, within the 10-day extension window (13- to 20-07-2026): 1,157 voters removed, 430 newly added, 267 silently recategorised without field re-verification; the entire ASDD record of PS No. 24, Ramavarappadu (339 voters) missing without explanation; duplicate Enumeration Forms at different addresses.	Immediate freeze on further ASDD changes and a forensic, booth-wise audit; reconstruction of the missing PS No. 24 record; no alteration of “Death”/“Permanently Shifted” entries without documented re-verification and multi-party countersignature; departmental inquiry into the MPDO and BLOs concerned; public disclosure of all category changes.
08-08-2026	7,543 electors in “No Mapping” status in the published Draft Roll (Vijayawada Rural Mandal: 58.8% of the constituency total); a Logical Discrepancy List of 32,524 electors (12.75% of the electorate) sought but never furnished; disproportionate No Mapping concentration at PS 58 (62.6%), PS 59 (40.6%) and PS 53 (33.0%), all in Prasadampadu; 5 confirmed, photo-verified multiple-registration cases; suspected large-scale dual enrolment of outstation-employed voters.	Furnish the Logical Discrepancy List, at least in soft copy; audit of Polling Stations 24 to 70; priority investigation of the three Prasadampadu booths; departmental enquiry and deletion of duplicate entries in the 5 confirmed cases; cross-check against the EPIC-based national de-duplication database; consider extending the SIR window for this Constituency.

4. Read together, these four representations converge on four matters that, to date, remain wholly unaddressed, and which I place before the Commission directly for urgent orders:

- (a) The booth-wise Logical Discrepancy List (32,524 electors) and the No Mapping List have been sought repeatedly, but not furnished, even in soft copy. This list amounting to 12.75% of the entire electorate of this Constituency, and more than four times the size of the No Mapping list was first sought on 21-07-2026 and again on 23-07-2026, and its existence and size were confirmed only orally, at a meeting chaired by the Electoral Registration Officer. Non-disclosure is contrary to the standard practice already followed in Bihar (SIR 2025), where the Chief Electoral Officer shared equivalent lists with the District Presidents and 1.5 lakh Booth Level Agents of all 12 recognised political parties on 20-07-2025, well ahead of publication of the draft roll, expressly to reduce claims, objections and appeals at a later stage; and it is contrary to the binding directions of the Hon'ble Supreme Court in the West Bengal SIR matter (orders dated 22-01-2026 and 24-02-2026), where the Logical Discrepancy and Unmapped lists numbering approximately 1.25 crore electors were ordered to be publicly displayed at Gram Panchayat and Block offices and on the Commission's own website, with affected electors given a specific opportunity to submit documents and be heard, assisted by serving and retired District and Civil Judges deployed for the purpose. I respectfully submit that a constituency where one in every eight electors stands on this list cannot be treated with less transparency than was afforded in Bihar and West Bengal.
- (b) No reverification or audit has been conducted in Polling Stations 24 to 70 (old numbering), Vijayawada Rural Mandal, despite this being sought since 23-07-2026. These are precisely the booths — covering Ramavarappadu, Prasadampadu and Enikepadu — where a comparison of the ASDD List as it stood on 13-07-2026 against the list as it stood on 20-07-2026 revealed 1,157 voters removed, 430 newly added, and 267 silently recategorised between “Untraceable”, “Death”, “Permanently Shifting” and “Already Enrolled” without any recorded field re-visit, and where the entire ASDD record of Polling Station No. 24, Ramavarappadu (339 voters) simply disappeared from the data set without explanation. More than three weeks have now passed since this audit was first sought, and, to my knowledge, neither a freeze on further changes nor the forensic audit requested has been ordered or reported to the Party.

- (c) The disproportionate concentration of No Mapping cases at Polling Stations 58, 59 and 53, Prasadampadu, remains uninvestigated:

PS No	Location	No Mapping	Total Electors	% No Mapping
58	AP State Seeds Development Corporation, East Side Building, 1st Room	565	902	62.6%
59	MPP School	352	866	40.6%
53	AP State Seeds Development Corporation, Production Room	260	787	33.0%

At Polling Station No. 58 alone, nearly two out of every three electors on the roll are categorised as No Mapping — a proportion I respectfully submit is statistically improbable for a genuine, settled electorate, and one that warrants dedicated, priority investigation as to why these three specific booths, all sharing the AP State Seeds Development Corporation premises and the immediately adjoining MPP School, are so disproportionately affected. This concentration was specifically flagged on 08-08-2026 and remains without any response.

- (d) 5 confirmed, photo-verified multiple-registration cases, and the wider suspicion of dual enrolment of outstation-employed voters, remain without any departmental enquiry. On a random, photo-verified audit of the Draft Roll published on 31-07-2026, five cases (ten entries in all) were confirmed as the same living person registered twice, under two different EPIC numbers, at two different Part Serial Numbers, including Smt. Sowjanya Jasthi, found enrolled simultaneously at Polling Station No. 167, Kesarapalli, Gannavaram Mandal and at Polling Station No. 302, Unguturu, Unguturu Mandal, some 30 kilometres apart, within this very Assembly Constituency. If a duplication of this kind, between two Mandals of the same Constituency, escaped the Commission's own mapping and verification process undetected, there is little basis for confidence that the far larger population of similarly placed outstation employed voters registered simultaneously at their native address in 71-Gannavaram AC and at their place of employment outside the district or the State is being reliably caught at all. Despite this being placed on record on 08-08-2026, no departmental enquiry has been ordered into the five confirmed cases, and no exercise has been initiated, to my knowledge, to cross-check the rolls of this Constituency, and Polling Stations 24 to 70 of Vijayawada Rural Mandal in particular, against the Commission's national EPIC-based de-duplication database.

5. I therefore respectfully but firmly request that: (i) a substantive, written, reasoned reply be furnished to each of the four representations at References (i) to (iv) above, individually addressing the specific reliefs sought in each, well before the SIR 2026 window closes on 30-08-2026; and (ii) the specific reliefs sought in each representation be acted upon on priority, given the very limited time now remaining.
6. **Matters Requiring the Commission's Specific Clarification.** Beyond the four unaddressed matters set out above, the facts already on record in this Constituency raise two further doubts that go to the very foundation of the SIR 2026 exercise, and on which I respectfully seek the Commission's specific, written clarification:
 - (i) What is the mechanism for de-duplication of electors across the Nationwide Elector Bank? The Commission is understood to maintain a national, EPIC based database expressly designed to prevent any elector from being enrolled at more than one address, whether within the same Assembly Constituency, across Constituencies, or across States. Yet, in 71-Gannavaram AC alone, five confirmed, photo-verified instances of the same person holding two live EPIC numbers were detected not by the Commission's own systems, but through a manual, photograph-by-photograph audit conducted by this Party's volunteers after the Draft Roll had already been published. I respectfully request the Commission to place on record, in writing: the precise stage(s) of the SIR/enrolment process at which nationwide de-duplication is run; whether it operates in real time at the point of enrolment, or only as a periodic, retrospective check; the specific parameters (name, relative's name, age, EPIC, address, biometric or other) on which a match is flagged; and why, on these parameters, the five confirmed duplicate entries in this Constituency in most cases sharing an identical name, identical relative's name, identical age and, in several instances, an identical house number were nonetheless cleared and "Mapped" as distinct, valid electors.
 - (ii) Double-entry electors who do not appear on either the No Mapping list or the Logical Discrepancy list continue to exist on the rolls, and the very purpose of SIR 2026 is compromised so long as they remain undetected. It is significant that none of the five confirmed duplicate entries identified by this Party's audit appears on the No Mapping list of 7,543 electors or on the Logical Discrepancy list of 32,524 electors furnished/referred to for this Constituency which means that the Commission's own screening process has, in each of these cases, affirmatively treated both entries of the same person as clean, correctly-mapped, distinct electors. If confirmed duplicates of this kind lie outside both of the Commission's

principal discrepancy detection lists, it necessarily follows that an unknown, and potentially far larger, number of similarly undetected double entries remain silently embedded in the electoral roll of this Constituency and, by natural extension, of the country notwithstanding the entire SIR 2026 exercise having been undertaken. The elimination of exactly such double and multiple entries is stated to be a principal object of the Special Intensive Revision; that object stands defeated for as long as such entries continue to escape both of the Commission's discrepancy lists. I respectfully request the Commission to clarify, in writing: what independent mechanism, if any, exists (or is proposed) to detect double-entry electors who do not surface on either the No Mapping or the Logical Discrepancy list; and what action is contemplated both against the duplicated entries themselves, and, where appropriate, against the officials or processes responsible for clearing them as validly mapped once such double entries are identified, whether through the Commission's own systems or, as in this case, through the vigilance of political parties.

7. **Relief Sought.** In view of the foregoing, I respectfully request the Election Commission of India to:

- (a) Furnish a substantive, written, reasoned reply to each of the four representations dated 05-07-2026, 21-07-2026, 23-07-2026 and 08-08-2026, individually addressing the specific reliefs sought in each, within three (3) days of receipt of this representation and, in any event, well before the SIR 2026 window closes on 30-08-2026;
- (b) Direct the immediate furnishing, at least in soft copy, of the booth-wise Logical Discrepancy List (32,524 electors) for 71-Gannavaram AC to the recognised political parties, consistent with the practice followed in Bihar (2025) and the directions of the Hon'ble Supreme Court in the West Bengal SIR matter;
- (c) Direct the reverification/audit, sought since 23-07-2026, of Enumeration Form issuance, collection and physical verification in Polling Stations 24 to 70, Vijayawada Rural Mandal, together with a forensic, booth-wise audit of the ASDD List changes made between 13-07-2026 and 20-07-2026, and independent reconstruction of the missing ASDD record of Polling Station No. 24, Ramavarappadu;
- (d) Direct priority investigation into the disproportionate concentration of No Mapping cases at Polling Stations 58, 59 and 53, Prasadampadu, and report the findings to the recognised political parties;

- (e) Cause a departmental enquiry into the five confirmed multiple-registration cases already placed on record, delete the duplicate entry in each case in accordance with due process, and take appropriate action against any official found to have cleared such entries without due diligence;
- (f) Place on record, in writing, a clear and complete explanation of the Commission's mechanism for de-duplication of electors across the Nationwide Elector Bank, addressing the specific questions set out in paragraph 6(i) and 6(ii) above;
- (g) Undertake, on priority and with particular reference to Polling Stations 24 to 70 of Vijayawada Rural Mandal, a cross-check of the electoral rolls of this Constituency against the EPIC based national de-duplication database, to identify every elector enrolled both at a native address here and at an outstation workplace, or otherwise enrolled more than once; and
- (h) Consider extending the SIR 2026 window for 71-Gannavaram AC, or in the alternative, ensure that all of the above verification is demonstrably completed before 30-08-2026, given the volume of unresolved items set out in this representation and the four representations preceding it.
8. I trust that the Election Commission of India will treat this consolidated representation, and the four representations preceding it, with the urgency the closing SIR 2026 window now demands, and will take decisive corrective action to preserve the sanctity of the electoral rolls of 71-Gannavaram Assembly Constituency, consistent with the Representation of the People Act, 1950, the Registration of Electors Rules, 1960, the Commission's own SIR 2026 guidelines, and the binding directions of the Hon'ble Supreme Court of India.

Thanking you.

Yours faithfully,

DR. VAMSI VALLABHANENI
Former Member of Legislative Assembly
YSRCP In-Charge, 71-Gannavaram Assembly Constituency
Krishna District, Andhra Pradesh

Subject: REPRESENTATION REGARDING SERIOUS IRREGULARITIES
IN SIR 2026 – 71-GANNAVARAM ASSEMBLY CONSTITUENCY
– LARGE-SCALE NON-TRACEABLE ENUMERATION FORMS,
SUSPECTED BOGUS VOTER ADDITIONS IN 2024, AND
SYSTEM FAILURES IN ECI PORTAL – URGENT REMEDIAL
ACTION REQUESTED

Reference: ECI Notification No.429/AP-LA/SOU3/2023(5) dt.23.12.2025
| AP Gazette Extraordinary No.22 dt.29.12.2025 | CEO AP
Memo No.1740/Elecs.B/A1/ 2025-5 dt.30.12.2025

Respected Madam,

1. We, the YSRCP Central Complaints Cell for 71-Gannavaram Assembly Constituency, hereby submit this urgent representation on behalf of the party's Booth Level Agents (BLAs) across all 307 polling booths in the four Mandals of Gannavaram, Bapulapadu, Unguturu, and Vijayawada Rural, constituting the 71-Gannavaram AC of Krishna District. This representation brings to the attention of the appropriate authorities; four grave and inter-connected issues that have arisen during the ongoing Special Intensive Revision (SIR) 2026, which, if left unaddressed, will directly compromise the integrity of the electoral rolls and the democratic rights of genuine voters in this constituency.

2. ISSUE NO. 1:

MASSIVE NON-TRACEABLE ENUMERATION FORMS ACROSS ALL FOUR
MANDALS — PRIMA FACIE EVIDENCE OF BOGUS VOTER ADDITIONS
IN 2024

(a) **Abnormal and Suspicious Increase in Voter Rolls from 2019 to 2024**

During the process of Distribution of Enumeration Forms in SIR 2026, our Booth Level Agents (BLAs) have reported a deeply alarming pattern across all four Mandals of 71-Gannavaram AC. Specifically, there was an extraordinary and inexplicable surge in the number of electors added to the rolls at the time of finalisation of Electoral Rolls for the General Elections 2024. A Mandal-wise comparison is provided hereunder:

Mandal	2019 Electors	2024 Electors	Electors Added in 2024	2026 SIR List
Vijayawada Rural	75,714	88,878	13,164	90,436
Gannavaram	70,442	74,382	3,940	75,129
Bapulapadu	68,684	71,954	3,270	72,238
Unguturu	43,191	43,840	649	44,142
TOTAL	2,58,031	2,79,054	21,023	2,81,945

The net addition of **21,023 electors in a single electoral cycle (2019-2024)** is highly disproportionate and without any commensurate increase in population. Vijayawada Rural Mandal alone saw an addition of **13,164 voters (17.4% increase)**, which is statistically improbable for a semi-rural constituency in a single election cycle. We strongly suspect that the TDP party used this opportunity to add fictitious/outside voters to the rolls of 71-Gannavaram AC in a calculated manner to manipulate the voter base.

(b) **Non-Traceable Enumeration Forms — Booth-wise Data (As on 28-06-2026)**

The consequences of these suspicious additions are now clearly visible during SIR 2026. BLOs and BLAs across the constituency are unable to physically locate and deliver Enumeration Forms to a very large number of registered voters — a direct indicator that these voters do not actually reside at their registered addresses. The following table presents the Mandal-wise summary of non-traceable Enumeration Forms as on **28-06-2026**:

Mandal	2026 Electors	EFs Distributed	EFs Not Traceable	% Not Traceable	Booths Affected
Vijayawada Rural	90,436	79,907	10,529	11.6%	61 of 82
Gannavaram	75,129	74,215	914	1.2%	32 of 86
Bapulapadu	72,238	69,383	2,855	3.9%	70 of 85
Unguturu	44,142	43,513	629	1.4%	21 of 54
TOTAL	2,81,945	2,67,018	14,927	5.3%	184 of 307

As is evident from the above data, **14,927 Enumeration Forms could not be delivered** across **184 out of 307 booths (59.9%)** in the constituency as on 28-06-2026. The concentration of non-traceable forms is highest in Vijayawada Rural Mandal — the same Mandal where the maximum addition (13,164) was recorded in 2024. This cannot be a coincidence.

(c) **Risk of Misuse of Non-Traceable Enumeration Forms**

These **14,927 undelivered Enumeration Forms** are now at serious risk of being misappropriated. Our BLAs have credible reason to believe that ruling TDP party leaders and their aligned BLOs may use these forms — which belong to voters who cannot be physically traced — to fraudulently verify, sign, and submit them without the actual voter's knowledge or presence. This would effectively allow fictitious or ghost voters to be retained on the final electoral roll published after SIR 2026.

We therefore urgently request the following specific relief on Issue No. 1:

- (i) An independent verification drive to be conducted for all 14,927 non-traceable voters across 184 booths, with BLAs from all recognized political parties present during re-verification.
- (ii) All non-traceable Enumeration Forms to be kept in a sealed, numbered, and jointly-signed register maintained by the BLO, AERO, and BLAs of all parties, with strict prohibition on any unilateral handling.
- (iii) Booth-wise list of non-traceable voters to be made publicly available on the CEO AP website and voters.eci.gov.in to enable public scrutiny.
- (iv) An inquiry to be initiated into the disproportionate addition of 21,023 voters in the 2024 electoral rolls of 71-Gannavaram AC, particularly the 13,164 additions in Vijayawada Rural Mandal, to verify the genuineness of these additions.

3. **ISSUE NO. 2:**

EPIC IDs SHOWING 'NO DATA FOUND' ON ECI PORTAL — LONG-STANDING GENUINE VOTERS UNABLE TO BE MAPPED IN SIR 2026

S.No.	Name	EPIC Number	Village	Mandal	Status on ECI Portal
1	Teleprolu Kalavathi Kagga	UOG1831924	Telaprolu	Gannavaram	"No Data Found"
2	Swetha Kagga	UOG0721416	Telaprolu	Gannavaram	"No Data Found"

In Telaprolu village under Unguturu Mandal, the following two bona fide voters — who have been on the electoral rolls prior to the 2002 SIR — have not received their Enumeration Forms physically, when their EPIC numbers, names, mobile numbers are entered on the ECI portal to check (voters.eci.gov.in), the system returns "**No Data Found**". As a result,

their forms cannot be mapped, verified, or digitally authenticated — effectively erasing their voter registration through a system failure:

Both these voters have valid EPIC cards, have been voting since decades, and their names were present in the 2002 SIR roll. There is absolutely no lawful basis for their non-appearance in the ECI digital database as well as present Enumeration Form List. This appears to be a backend data error that, if uncorrected, will permanently disenfranchise these citizens in SIR 2026.

Relief requested on Issue No. 2:

- (i) Immediate data correction in the ECI backend database / ERO-Net to restore the digital records for EPIC UOG1831924 and UOG0721416.
- (ii) Their Enumeration Forms to be generated, accepted and processed offline by the BLO and the ERO, pending correction of the digital records.
- (iii) A systematic audit of all EPICs in 71-Gannavaram AC showing 'No Data Found' on the portal to identify and correct all such cases before the final roll is published.

4. ISSUE NO. 3:

ADDITIONAL VOTER — EPIC ID SHOWING 'NO DATA FOUND' ON ECI PORTAL

In Telaprolu village, a third voter by name **Tupakula Vengala Rao** with EPIC No. **BDS2225258** has received his Enumeration Form physically, but the ECI portal returns "**No Data Found**" on entering his EPIC number, name, mobile number. Like the voters mentioned in Issue No. 2, his form cannot be mapped, verified, or digitised, thereby rendering him de facto disenfranchised through a system failure despite being a legitimate registered voter. We believe there are many more such cases across the constituency that are yet to be identified.

S.No.	Name	EPIC Number	Village	Mandal	Status on ECI Portal
1	Tupakula Vengala Rao	BDS2225258	Telaprolu	Gannavaram	"No Data Found"

Relief requested on Issue No. 3:

- (i) Immediate digital record restoration for EPIC BDS2225258 in ERO-Net.

- (ii) His Enumeration Form to be accepted and processed offline pending correction.
- (iii) A full audit of BDS-prefix EPICs in 71-Gannavaram AC showing 'No Data Found', as this prefix may indicate a batch-level data migration error from an earlier constituency/district database.

5. ISSUE NO. 4:

SPLITTING OF FAMILY VOTERS ACROSS DIFFERENT AND DISTANT POLLING BOOTHS — VIOLATION OF ECI GUIDELINES ON FAMILY LINKAGE

- (a) During the distribution and mapping of Enumeration Forms in 71-Gannavaram AC, another serious irregularity has been brought to our notice by BLAs across multiple booths in all four Mandals. It is observed that in several households, while the father and mother have been registered voters at a particular polling booth for decades, the adult children of the same family — who were enrolled as voters in subsequent years — have been assigned to an entirely different polling booth, sometimes located at a considerable physical distance from their actual residence.
- (b) This practice directly defeats the purpose of the SIR 2026 exercise, which is to ensure accurate residence-based mapping of every elector to their nearest and most appropriate polling station. When all four members of a family live under the same roof at the same address, there is no lawful or logical basis for them to be assigned to different booths.
- (c) The Election Commission of India's own guidelines on booth rationalisation and elector mapping clearly state that all members of the same household residing at the same address should ordinarily be enrolled at the same polling station. The current situation, where children are mapped to a different and distant booth from their parents, appears to be the result of:
 - (i) Mechanical and arbitrary addition of new voters to whichever booth had available capacity at the time of their enrolment, without reference to family or household linkage; and/or
 - (ii) A deliberate splitting of family voter groups across booths to dilute their collective voting strength at a particular polling station — a practice that particularly disadvantages opposition party voters when booth-level electoral management is in the hands of a party-aligned administration.
- (d) This splitting of family voters is causing significant practical hardship — members of the same household are required to travel to different,

sometimes distant, polling stations to exercise their franchise. More critically, during the ongoing SIR 2026, when BLOs are conducting residence-based mapping, the current assignment directly contradicts the physical reality on the ground, where the entire family lives at one address but appears on the rolls of two or more different booths.

(e) We therefore request the following specific relief on Issue No. 4:

- (i) The ERO/AERO to issue clear directions to all BLOs in 71-Gannavaram AC that during SIR 2026, wherever all members of a family/household are found to be residing at the same address but are currently mapped to different polling stations, such cases must be flagged for correction through Form 8-A (transposition of voter within the same AC) to consolidate the entire family under the booth that is geographically closest to their actual residence.
- (iii) No family should be split across booths solely on the basis of when they were enrolled — the criterion must be the residence address, not the year of enrolment.
- (iv) A booth-wise audit to be conducted by the AERO/ERO to identify all such split-family cases across the 307 booths of 71-Gannavaram AC, and corrective transposition orders to be issued before the final electoral roll is published after SIR 2026.
- (v) BLAs of all recognised political parties to be associated with the identification and verification of such split-family cases, booth by booth, to ensure transparency.
- (vi) This exercise to be completed within the SIR 2026 timeline so that the corrected roll reflects the entire family of every household at a single, geographically appropriate booth — consistent with the ECI's residence-based mapping principle.

6. **GENERAL RELIEF REQUESTED**

In view of the above four inter-related issues, we request the following general reliefs:

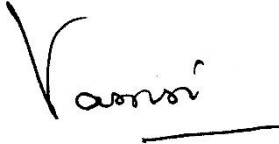

- (a) Immediate action on all four issues as detailed above, before the deadline of 14-07-2026 for submission of Enumeration Forms.
- (b) Direction to all BLOs across 71-Gannavaram AC to not accept or process any Enumeration Form on behalf of a voter without the voter's physical presence and signature — particularly for non-traceable voters.

- (c) Presence of BLAs from all recognized political parties to be ensured by the AERO/MPDO at every stage of processing of non-traceable Enumeration Forms.
- (d) Extension of the SIR 2026 deadline for 71-Gannavaram AC, given the scale of non-traceable forms (14,927) requiring re-verification.
- (e) Action under Section 31 of the Representation of the People Act, 1950 against any BLO found to be wilfully accepting or processing forms for non-traceable/fictitious voters.

We trust that the Election Commission of India and the concerned authorities will take prompt cognizance of the above irregularities and take decisive action to preserve the integrity of the electoral process in 71-Gannavaram Assembly Constituency.

Thanking you.

Yours faithfully,

Dr. Vamsi Vallabhani

Present YSRCP In-Charge,
71-Gannavaram Assembly Constituency
Krishna District, Andhra Pradesh

Date: 05-07-2026

Date: 21-07-2026

To,

Sri Vivek Yadav, Chief Electoral Officer,
Room No 192, Ground Floor, Building No 5,
A.P. Secretariat, Velagapudi, Amaravati,
Andhra Pradesh – 522238

Subject: Pending "No Mapping" cases and other Anomalies in the Electoral Roll of 71-Gannavaram AC — request for corrective action and Booth wise list — reg.

Sir,

1. The following is the SIR 2026 status of 71-Gannavaram AC as on 21-07-2026 at 10 AM:-

71-GANNAVARAM AC	
STATUS AS ON 21-07-2026 @10 AM	
Total Electors	2,81,945
ED Digitized	2,55,672
Difference	26,273
EF Roll Back Pending	6
EF Pending Received Online	6
No Mapping	14,199
Death	11,168
Permanent Shifting	4,785
Already Enrolled	4,301
Absent	5,882
Others	137
Total	26,273
Total Anomalies	42,642

2. The most alarming factor is the "No Mapping" status of 14,199 Electors. These are Electors who have submitted their Enumeration Forms, but whose digitization could not be completed due to the following issues:

- (a) Age gap between Father/Mother and the Elector is less than 18 years.
 - (b) Age gap between Grandfather/Grandmother and the Elector is less than 40 years.
 - (c) Age gap between siblings is less than 9 months.
3. Ground reality facts brought to my notice by our BLAs pertaining to these Electors are as follows:
- (a) Some of these Electors have been genuine voters since 1995, 2002, or 2004, as the case may be.
 - (b) Some of the Electors were mis-mapped during the year 2002.
 - (c) The Date of Birth recorded by the parent is incorrect.
 - (d) The Date of Birth of Parents recorded is incorrect.
 - (e) In rural villages, most agricultural parents do not remember the actual date of birth of theirs and their child as well and had simply recorded an approximate date in the records.
 - (f) Most of these Electors have not left their village since birth.
4. You are requested to find a suitable solution to this issue and take necessary action to complete the process of digitization, thereby providing these persons the opportunity to be enrolled as valid Electors of the Constituency.
5. You are also requested to kindly provide a Booth wise list of such "No Mapped" Electors immediately, so that our Booth Level Agents (BLAs) may assist the Booth Level Officers (BLOs) in completing the process at the earliest.

Thanking you.

Yours faithfully,

Co-Ordinator,
Dr. Vallabhaneni Vamsi Mohan,
Incharge,
YSRCP – 71-Gannavaram Assembly Constituency
Krishna District, Andhra Pradesh

Andhra Pradesh – 522238

Subject: **Representation regarding manipulation of the ASDD (Absent-Shifting-Death-Double) List during the 10-day extension of SIR 2026 — Vijayawada Rural Mandal (Ramavarappadu, Prasadampadu and Enikepadu villages), Polling Stations 24 to 70, 71-Gannavaram Assembly Constituency — request for freeze, forensic audit, restoration of integrity and disciplinary action.**

Reference: (i) Our representation dated 05-07-2026 on large-scale non-traceable Enumeration Forms and suspected bogus voter additions in 2024;

(ii) Our representation dated 21-07-2026 on pending “No Mapping” cases and other anomalies;

(iii) ECI letter to CEO, Andhra Pradesh dated 14-07-2026 extending SIR 2026 house-to-house enumeration by 10 days (upto 24-07-2026);

(iv) Hon’ble Supreme Court judgment dated 27-05-2026 in Association for Democratic Reforms & Ors. v. Election Commission of India, W.P.(C) No.640/2025, upholding SIR 2026 subject to fairness and non-arbitrariness;

(v) Hon’ble Supreme Court orders dated 22-01-2026 and 24-02-2026 in the West Bengal SIR matters mandating public display, notice and hearing before exclusion/alteration of an elector’s entry;

(vi) ECI’s Standing Operating Procedure dated 11-08-2023 for deletion of entries from the electoral roll.

Respected Madam/Sir,

1. I, the In Charge for YSRCP, 71-Gannavaram Assembly Constituency, refer to our two earlier representations cited above (enclosed once again as Enclosures 1 and 2 for ready reference) and submit this further, urgent representation confined specifically to Vijayawada Rural Mandal, covering the villages of Ramavarappadu, Prasadampadu and Enikepadu (Polling Stations 24 to 70 of 71-Gannavaram AC). What has come to light in the last ten days is a

matter of grave concern that goes to the root of the integrity of the SIR 2026 exercise in this Mandal, and we request the Commission's urgent and personal attention before the draft electoral roll is published on 31-07-2026.

BACKGROUND

- 2.1.** The MPDO, Vijayawada Rural Mandal, prepared and released an ASDD List (Absent, Shifting, Death, Double voters) on 13-07-2026 in respect of Polling Stations 24 to 70 of Ramavarappadu, Prasadampadu and Enikepadu villages. This list was significant because it was expected to correct the large-scale induction of outsider/non-resident voters into these very polling stations ahead of the General Elections 2024 — an issue we had specifically flagged in our representation dated 05-07-2026 (**Enclosure 1**), where we demonstrated a statistically improbable addition of 21,023 electors across the Assembly Constituency between 2019 and 2024, with Vijayawada Rural Mandal alone accounting for 13,164 (17.4%) of that increase.
- 2.2.** On 14-07-2026, taking note of the large number of Enumeration Forms still pending digitisation, the Election Commission of India extended the SIR 2026 house-to-house enumeration schedule for Andhra Pradesh by 10 days, i.e., up to 24-07-2026, on the request of the Chief Electoral Officer.
- 2.3.** We have credible information from our Booth Level Agents (BLAs) that certain powerful local leaders of the ruling Telugu Desam Party (TDP) — persons who were themselves instrumental in enabling the induction of non-resident/outsider voters into these polling stations for the 2024 elections — used the window created by this 10-day extension to pressurise the MPDO, Vijayawada Rural Mandal, and the BLOs functioning under the Mandal, to once again tamper with the ASDD List that had been correctly prepared on 13-07-2026.

ISSUE NO. 1 — UNEXPLAINED, LARGE-SCALE ALTERATION OF THE ASDD LIST WITHIN SEVEN DAYS OF THE EXTENSION BEING GRANTED

- 3.1.** A comparison of the ASDD List of Vijayawada Rural Mandal as it stood on 13-07-2026 against the corresponding list as it stood on 20-07-2026 — i.e., a comparison undertaken well before the extended deadline of 24-07-2026 itself — across the categories Untraceable, Already Enrolled, Death and Permanently Shifting, for all 47 Polling Stations (PS 24 to 70) of Ramavarappadu, Prasadampadu and Enikepadu, reveals large-scale and wholly unexplained churn (**Enclosure 3** — Voter Comparison Report, 13-07-2026 vs 20-07-2026). This is summarised below:

Parameter	Figure
Total Polling Stations compared (PS 24 to 70)	47
Total voters present on 13-07-2026 List but missing from 20-07-2026 List	1,157
Total voters newly appearing on 20-07-2026 List (not present on 13-07-2026)	430
Total voters whose category was silently changed between the two dates	267
Total voters whose data remained unchanged across both dates	7,016

3.2. Category-wise break-up of the 1,157 voters removed from the list (data available for 46 of the 47 booths; the entire Polling Station No. 24, Ramavarappadu — 339 voters — was dropped from the comparable data set without any break-up whatsoever, which is addressed separately below):

Category (as on 13-07-2026)	No. of voters removed by 20-07-2026
Untraceable	669
Death	51
Permanently Shifting	50
Already Enrolled	8
Not separately recorded	40
Sub-total (46 booths with category data)	818
PS No. 24, Ramavarappadu — entire booth, no break-up available	339
TOTAL	1,157

3.3. Category-wise break-up of the 430 voters newly added to the ASDD list between 13-07-2026 and 20-07-2026:

Category (as on 20-07-2026)	No. of voters newly added
Untraceable	202
Death	95
Already Enrolled	75
Permanently Shifting	55
Not separately recorded	3
TOTAL	430

3.4. Most tellingly, 267 voters were neither added nor removed but had their category silently altered between the two dates, without any recorded field re-verification. The transitions are set out below:

Category on 13-07-2026	Category on 20-07-2026	No. of voters
Untraceable	Already Enrolled	131
Permanently Shifting	Already Enrolled	39
Untraceable	Death	36
Untraceable	Permanently Shifting	16
Not separately recorded	Permanently Shifting	14
Not separately recorded	Untraceable	11
Permanently Shifting	Not separately recorded	10
Permanently Shifting	Untraceable	4
Death	Untraceable	2
Not separately recorded	Already Enrolled	1
Permanently Shifting	Death	1
Death	Already Enrolled	1
Not separately recorded	Death	1
TOTAL		267

3.5. We draw the Commission's specific attention to the 39 cases where a voter recorded as “Permanently Shifting” on 13-07-2026 was, within seven days, straightaway converted to “Already Enrolled” — and the 36 cases where an “Untraceable” voter was reclassified as “Death” — with no visible field revisit, no joint signature of BLO and BLAs of recognised parties, and no supporting document placed on record. By way of illustration, at Polling Station No. 26, Ramavarappadu alone, 8 voters earlier marked “Untraceable” were reclassified overnight — 6 as “Already Enrolled” and 2 as “Death” — while 5 other genuinely Untraceable/Permanently-Shifted voters from the same booth simply vanished from the 20-07-2026 list. Similar patterns repeat across booth after booth in the enclosed comparison report.

3.6. Separately, the entire ASDD record of Polling Station No. 24, Ramavarappadu (339 voters as on 13-07-2026) is altogether absent from the comparable data set on 20-07-2026, with no explanation, no audit trail and no certified reason recorded by the MPDO/BLO. This booth requires immediate, independent reconstruction and verification.

ISSUE NO. 2 — CATEGORIES “DEATH” AND “PERMANENTLY SHIFTED” CANNOT LAWFULLY BE ALTERED WITHOUT FRESH FIELD VERIFICATION AND DUE PROCESS

- 4.1.** Once an elector's status has been recorded as “Death” (ordinarily on the basis of a death certificate, family confirmation or documented field verification) or as “Permanently Shifted” (on the basis of physical verification that the residence is vacated or occupied by an unrelated family), that finding cannot be casually reversed to “Already Enrolled” or any other category without a fresh, documented re-verification, jointly countersigned by the BLO and the BLAs of all recognised political parties, with reasons recorded in writing.
- 4.2.** This is precisely the safeguard mandated by the ECI's own Standing Operating Procedure dated 11-08-2023 governing deletion and restoration of entries in the electoral roll, and by the Hon'ble Supreme Court in its orders dated 22-01-2026 and 24-02-2026 passed in the West Bengal SIR matters, where the Court directed that all affected persons be given individual notice, an opportunity to submit documents, and a personal hearing — either in person or through an authorised representative — before any adverse change is made to their entry, and that such hearings and decisions be reduced to writing with a certified receipt. The Hon'ble Supreme Court has, in its judgment dated 27-05-2026 in Association for Democratic Reforms & Ors. v. Election Commission of India, upheld the constitutional validity of SIR 2026 precisely on the footing that the exercise would remain fair, inclusive and non-arbitrary, with adequate safeguards and appellate remedies for voters whose entries are disputed.
- 4.3.** The unexplained alteration, within a single week and squarely inside the window created by the 10-day extension, of 105 “Permanently Shifting” entries and 146 “Death” entries (removed and newly added, taken together) across just 47 booths of one Mandal — without any of the above safeguards being demonstrably followed — is, with respect, prima facie in violation of the ECI's own SOP and the binding directions of the Hon'ble Supreme Court, and raises a strong and reasonable suspicion that ineligible/bogus entries correctly identified on 13-07-2026 are being reintroduced into the rolls under local political pressure.

ISSUE NO. 3 — “NO MAPPING” / ANOMALY DELETIONS ARE, IN A LARGE PROPORTION OF CASES, CLERICAL ERRORS OF THE DEPARTMENT BEING VISITED UPON GENUINE VOTERS

- 5.1.** As reported in our representation dated 21-07-2026 (**Enclosure 2**), the status of 71-Gannavaram AC as on 21-07-2026 at 10 AM stood as follows:

Parameter	Figure
Total Electors	2,81,945
ED Digitised	2,55,672
Difference (pending digitisation)	26,273
— of which: No Mapping	14,199
— of which: Death	11,168
— of which: Permanent Shifting	4,785
— of which: Already Enrolled	4,301
— of which: Absent	5,882
— of which: Others	137
Total Anomalies (as reported)	42,642

5.2. It is pertinent to mention that the Total Anomalies across the entire Constituency stood at 42,642 as on 21-07-2026 at 10 AM (Table above) voters who have submitted their Enumeration Forms — a figure far larger than the “No Mapping” count of 14,199 alone. Our BLAs' booth-level scrutiny shows that the overwhelming majority of these 42,642 anomalies consist of nothing more than spelling mistakes and spacing differences in the names of electors and their relatives, arising when the present database is matched against the 2002 SIR roll. These are, without exception, clerical errors committed by the ECI's own staff at the time of digitisation of the 2002 SIR records — such as a missing space in a name, a name recorded in a different case, or a minor transliteration variance in the spelling of the elector's or a relative's name — and reflect no change whatsoever in the identity, eligibility or residence of the elector concerned. It is respectfully submitted that an error of this nature, wholly attributable to the Department, cannot be permitted to result in the exclusion of a genuine, long-standing voter merely because the present exercise mechanically flags a mismatch with the Department's own earlier, erroneous entry.

5.3. The single largest and most alarming component is the “No Mapping” status of 14,199 electors — voters who have submitted their Enumeration Forms but whose digitisation has failed on account of: (a) an age-gap of less than 18 years shown between parent and elector; (b) an age-gap of less than 40 years shown between grandparent and elector; and (c) an age-gap of less than 9 months between recorded siblings.

5.4. These are precisely the “logical discrepancy” criteria that the Hon'ble Supreme Court, during the West Bengal SIR hearings in January 2026, itself found to be sociologically unsound as a blanket disqualifying test, observing that under-recorded or approximate dates of birth are a widespread historical reality in India's rural households and cannot, by themselves, be used as a blunt instrument to invalidate the registration of a genuine, long-standing voter.

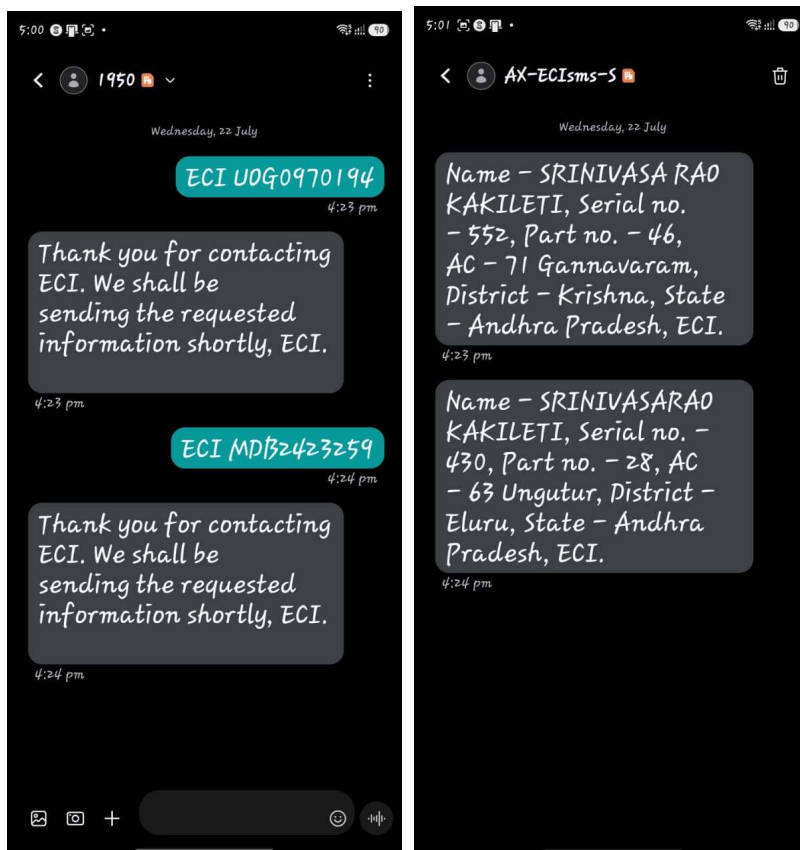

5.5. This is borne out on the ground in 71-Gannavaram AC. Our BLAs report that a large number of these “No Mapping” electors have been continuous, genuine voters since 1995, 2002 or 2004; that many were mis-mapped during the 2002 SIR itself; that dates of birth recorded for the elector or the parent are approximate, as is common where agricultural families did not maintain formal birth records; and that most of these electors have never left their native village. By way of illustration, we enclose (**Enclosure 4**) a sample list of 48 identified “No Mapping”/anomaly cases from Booth No. 184, Singannagudem, Bapulapadu Mandal, of which a representative sample is reproduced below:

S.No.	Elector Name	EPIC No.	Reason recorded for “No Mapping” / Anomaly
1	Rajesh Pallipamu	UOG2418473	Father's name recorded as ‘Mariyadas’ in 2002, ‘Tirupathaih’ in 2025 — clerical variance
4	Varaprasad Alias Ramaiah	UOG1233378	Elector's own name mismatched between 2002 and 2025 records
7	Mallaiah Tommandru	GYC3008042	Father's name ‘Viraswami’ (2002) vs ‘Veeraswami’ (2025) — spelling variance
9	Venkata Narasimharao Kakaraparti	UOG0717977	Own name spelling variance between 2002 and 2025
16	Yesubabu Chintalachervu	UOG0426697	Missing space in father's name (‘Venkata Swami’)
20	Devarapalli Swamy	UOG0125351	Father's name ‘Samiyelu’ vs ‘Samuel’ — transliteration variance
25	Nagaraju Pandapalli	GYC3008695	Father's name in mixed upper/lower case — ‘Subbarao’
3	Veeraswami Dodi	UOG1109206	Age difference between grandparent and elector recorded as 40 years
6	Padma Kotte	UOG0979963	Age gap between brother and sister flagged as anomaly
47	Bhaskara Naga Durga	UOG2529352	Sibling age gap flagged at 9 months

5.6. As is evident, the overwhelming majority of even this small sample are clerical mismatches in spelling, spacing or case between the 2002 SIR record and the present database — squarely admitted, department-side, digitisation errors — and not any genuine change in the identity, eligibility or residence of the elector. It is settled that a citizen cannot be disenfranchised for a clerical error committed by the Department's own staff. Placing the burden on the elector to “prove himself” afresh for such errors is contrary to natural justice and to the Hon'ble Supreme Court's directions that legacy linkage to the 2002/2004 electoral roll should ordinarily be treated as sufficient continuity of proof, with a fair opportunity of hearing before any adverse action, and not treated as a fresh, unproven claim.

ISSUE NO. 4 — DUPLICATE ENUMERATION FORMS AND ENROLMENT WITHOUT RESIDENTIAL PROOF

6.1. Our BLAs have also identified instances of the same elector submitting Enumeration Forms at two different addresses/booths. Under Sections 19 and 20 of the Representation of the People Act, 1950, enrolment is founded on ‘ordinary residence’, and no elector can lawfully be enrolled at an address without residential proof. Such double-form cases must be resolved through joint, documented verification by the BLO along with BLAs of all recognised parties — never through the unilateral, opaque handling of a single official, particularly one functioning under demonstrated local political pressure. The following is an example:-

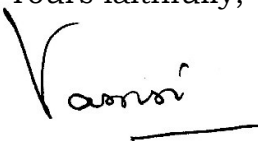

RELIEF SOUGHT

7. In view of the foregoing, we respectfully request the Election Commission of India and the concerned authorities to take the following urgent, time-bound measures before the draft electoral roll for 71-Gannavaram AC is published on 31-07-2026:
 - (a) Immediately freeze all further changes to the ASDD List of Vijayawada Rural Mandal (PS 24 to 70) and order a forensic, booth-wise audit of every addition, deletion and category-change made between 13-07-2026 and 20-07-2026, with the audit findings shared with the BLAs of all recognised political parties.
 - (b) Independently reconstruct and verify the entire ASDD record of Polling Station No. 24, Ramavarappadu (339 voters), which is presently missing from the comparable data set, and place the reconstructed record on record with reasons.
 - (c) Direct that no entry in the categories “Death” or “Permanently Shifted” be altered without (i) a fresh, documented physical re-verification by the BLO, (ii) joint countersignature of the BLO and BLAs of all recognised political parties, and (iii) supporting documentary proof placed on record — consistent with ECI's SOP dated 11-08-2023 and the Hon'ble Supreme Court's directions dated 22-01-2026 and 24-02-2026.
 - (d) Cause a departmental inquiry into the conduct of the MPDO, Vijayawada Rural Mandal, and the BLOs/officials concerned, regarding the sudden and unexplained bulk alteration of the ASDD List within the extension window, and take appropriate action, including transfer/suspension pending inquiry, against any official found to have acted under political pressure or otherwise improperly.
 - (e) Direct joint, documented verification — with BLAs of all recognised parties present — of every instance of duplicate Enumeration Forms submitted at two addresses, and ensure that no enrolment is finalised without valid residential proof.
 - (f) Direct that “No Mapping” / anomaly deletions arising out of clerical spelling, spacing or transliteration variances between the 2002 SIR record and the present database — which account for the bulk of the 42,642 anomalies reported across the Constituency, as illustrated in the Booth No. 184 sample, Enclosure 4 — be resolved administratively through correction of the department's own record, treating continuous linkage to the 2002/2004 SIR roll as sufficient proof of identity and residence, rather than requiring the elector to discharge a fresh burden of proof.

- (g) Publish, on the CEO Andhra Pradesh website and voters.eci.gov.in, a booth-wise list of “No Mapping” electors and of every voter whose category has been changed during SIR 2026, together with the reasons recorded, to enable public scrutiny, consistent with the Hon'ble Supreme Court's directions on public display and hearing in the West Bengal SIR matter.
 - (h) Ensure that BLAs of all recognised political parties are associated with, and given advance written notice of, every verification, re-verification and hearing conducted in respect of the ASDD List, “No Mapping” cases, and category changes, for the remainder of the SIR 2026 process.
 - (i) Direct that no further alteration be made to any elector's category or status during the remainder of the extension period (up to 24-07-2026) without prior written notice to the BLAs of all recognised parties and a joint sign-off.
 - (j) Furnish a written, reasoned reply to this representation within three (3) days, given the compressed timeline before publication of the draft electoral roll on 31-07-2026.
8. We trust that the Election Commission of India and the concerned authorities will treat this matter with the urgency it deserves and take decisive corrective action to preserve the sanctity of the electoral rolls of 71-Gannavaram Assembly Constituency, consistent with the letter and spirit of the Representation of the People Act, 1950, the Registration of Electors Rules, 1960, the ECI's own SIR 2026 guidelines and the binding directions of the Hon'ble Supreme Court of India.

Thanking you.

Yours faithfully,

Dr. Vallabhaneni Vamsi

In Charge, YSRCP
71 – Gannavaram Assembly Constituency
Krishna District, Andhra Pradesh

To,

Sri Vivek Yadav, Chief Electoral Officer,
Room No 192, Ground Floor, Building No 5,
A.P. Secretariat, Velagapudi, Amaravati,
Andhra Pradesh – 522238

Subject: Representation Regarding 5 Confirmed (Photo Verified) Cases of Multiple Registration, Suspected Large Scale Dual Enrolment of Outstation Employed Voters in Polling Stations 24 TO 70 (old Nos) Vijayawada Rural Mandal, Alarming Concentration of No Mapping Cases in Prasadampadu Booths, Non-Furnishing of Logical Discrepancy List, and Continued Non-Response to Earlier Representations – 71-Gannavaram Assembly Constituency – Urgent Action Required Before Closure of the SIR 2026 Window on 30-08-2026.

Reference: (i) Our representation dated 05-07-2026 on large-scale non-traceable Enumeration Forms and suspected bogus voter additions in 2024;

(ii) Our representation dated 21-07-2026 on pending 'No Mapping' cases and other anomalies;

(iii) Our representation dated 23-07-2026 on manipulation of the ASDD List, Vijayawada Rural Mandal, Polling Stations 24 to 70;

(iv) Hon'ble Supreme Court orders dated 22-01-2026 and 24-02-2026 in the West Bengal SIR matters on public display, notice and hearing for Logical Discrepancy/Unmapped electors;

(v) ECI's Standing Operating Procedure dated 11-08-2023 for deletion of entries from the electoral roll.

Respected Sir/Madam,

I, the In Charge for YSRCP, 71-Gannavaram Assembly Constituency, refer to our three earlier representations cited above, to none of which any written response has been received to date. In the intervening

period, our Booth Level Agents (BLAs), in coordination with an independent, station-by-station digitisation and audit of the Draft Electoral Roll published on 31-07-2026, have identified further, serious matters set out below. We place on record that our digitisation of all 327 Polling Stations across the four Mandals of this Constituency (2,55,178 electors in all) has been independently verified against the Election Commission's own official gender-wise elector count, and matches it exactly — station by station, with zero discrepancy. We make this submission, therefore, on the strength of figures we are in a position to fully substantiate.

ISSUE NO. 1: THE 'NO MAPPING' STATUS AND ITS SCALE ACROSS THE CONSTITUENCY

During SIR 2026, the ECI authorities across 71-Gannavaram AC have found and finalised a total of 7,543 electors whose submitted Enumeration Forms could not be mapped against the previous (2002) SIR roll — the 'No Mapping' category. As we understand it, 'No Mapping' arises where an Enumeration Form has genuinely been submitted — in person, online, or through a representative — to the concerned BLO, but the department's digitisation and matching process has failed to link it to the elector's continuing record. The Mandal-wise lists of these 7,543 electors were furnished to all recognised parties at the meeting chaired by the ERO. The Mandal-wise break-up, cross-checked against the total electors in the Draft Roll of each Mandal, is as follows:

Mandal	No Mapping Count	Total Electors (Draft Roll)	% of Roll
Vijayawada Rural Mandal	4,439	79,225	5.6%
Gannavaram Mandal	869	68,951	1.3%
Bapulapadu Mandal	2,081	65,682	3.2%
Unguturu Mandal	154	41,320	0.4%
TOTAL	7,543	2,55,178	3.0%

It will be seen that Vijayawada Rural Mandal already the subject of our representation dated 23-07-2026 on ASDD List manipulation, again accounts for the disproportionate share of No Mapping cases (58.8% of the constituency total, against its 31% share of total electors). This pattern is not, in our respectful submission, a coincidence, and is addressed further below.

ISSUE NO. 2: ALARMING AND DISPROPORTIONATE CONCENTRATION OF NO MAPPING CASES IN THREE PRASADAMPADU BOOTHS

We suspect a specific and serious irregularity in respect of three Polling Stations, all within Prasadampadu village, Vijayawada Rural Mandal, where the proportion of No Mapping electors is wholly out of line with the rest of the Constituency:

PS No.	Location	No Mapping	Total Electors	%No Mapping
58	AP State Seeds Development Corporation, East Side Building, 1st Room	565	902	62.6%
59	MPP School	352	866	40.6%
53	AP State Seeds Development Corporation, Production Room	260	787	33.0%

At Polling Station No. 58 alone, nearly two out of every three electors on the roll are categorized as No Mapping, a figure we submit is statistically improbable for a genuine, settled electorate, and warrants dedicated, priority investigation as to why these three specific booths (all sharing the AP State Seeds Development Corporation premises and the immediately adjoining MPP School) are so disproportionately affected.

ISSUE NO. 3: CONTINUED NON-RESPONSE TO OUR EARLIER REPRESENTATIONS AND UNADDRESSED CONCERNS OF EF MISUSE

As already noted, we have received no response, written or otherwise to our representations dated 05-07-2026, 21-07-2026 and 23-07-2026, despite the second of these requesting a reasoned reply within three days, given the compressed SIR timeline. We reiterate, in this context, our concern, first raised on 05-07-2026, that the extraordinary and disproportionate addition of electors to this Constituency's rolls ahead of the 2024 General Elections which we believe the TDP used to entrench a manipulated voter base is directly connected to the pattern of non-traceable and No Mapping electors now surfacing during SIR 2026. We have further received credible reports that Enumeration Forms are being misused during the extended 10-day window of SIR 2026, consistent with the pattern of ASDD List manipulation we documented in our representation dated 23-07-2026.

ISSUE NO. 4: NO REVERIFICATION OR AUDIT CONDUCTED IN POLLING STATIONS 24 TO 70, VIJAYAWADA RURAL MANDAL

To our knowledge, no reverification or audit of the concerned documents has been conducted in Polling Stations 24 to 70 of Vijayawada Rural Mandal — the very booths that were the subject of our detailed representation dated 23-07-2026 on unexplained, large-scale alteration of the ASDD List. We have a strong and reasonable apprehension of misuse of Enumeration Forms, and of inadequate physical verification of electors at the time of issuing and collecting these forms, specifically in Polling Stations 24 to 70. We respectfully but firmly request that this audit, sought over two weeks ago, be conducted without further delay, and in any case before the SIR 2026 window closes on 30-08-2026.

ISSUE NO. 5: THE LOGICAL DISCREPANCY LIST OF 32,524 ELECTORS HAS BEEN REPEATEDLY SOUGHT BUT NOT FURNISHED — CONTRARY TO THE PRACTICE FOLLOWED IN OTHER STATES

We have requested the booth-wise Logical Discrepancy (Anomalies) List from the higher authorities on multiple occasions — including in our representations dated 21-07-2026 and 23-07-2026 — but no proper response has been received to date, even in soft copy. We were informed at the meeting chaired by the ERO that a total of 32,524 electors of this Constituency stand on the Logical Discrepancy list — 12.75% of the entire electorate, and more than four times the size of the No Mapping list at Issue No. 1 above. A discrepancy list of this magnitude, affecting one in every eight electors, makes its urgent, transparent disclosure to all recognised parties all the more necessary, not less. We respectfully draw the Commission's attention to the manner in which this very category of electors has been handled in other States during SIR:

- (a) Bihar (SIR 2025, the pilot exercise for this process): the Chief Electoral Officer, Bihar shared lists of electors who were probably deceased, permanently shifted, enrolled at multiple places, or had not returned their Enumeration Forms, with the District Presidents of all 12 recognised political parties and their 1.5 lakh Booth Level Agents on 20-07-2025 — giving BLAs a window to verify the status of each such elector before the draft roll was published on 01-08-2025. The Commission itself stated that this proactive sharing was intended to ensure discrepancies

are resolved at the preparation stage, ‘thereby reducing the instances of filing claims, objections and appeals.’

- (b) West Bengal (SIR, 2026): following the Hon'ble Supreme Court's orders dated 22-01-2026 and 24-02-2026, the Election Commission was directed to, and did, publicly display the names of all electors on the Logical Discrepancy and Unmapped lists — approximately 1.25 crore electors — at Gram Panchayat and Block offices, and published the list on its own website, with affected electors given a specific opportunity to submit documents and be heard. The Hon'ble Court further directed the deployment of serving and former District Judges, and Civil Judges of at least three years' standing, specifically to assist in the timely verification of these discrepancy claims.
- (c) We respectfully submit that the practice followed in both Bihar and West Bengal — proactive, timely sharing of exactly this category of list with BLAs of all recognised parties, and, where necessary, public display — is the standard that ought to be followed in 71-Gannavaram AC as well, and we can see no reason why the same has not been done here despite our repeated requests, particularly given that the list here is proportionately even larger than the lists that triggered these safeguards elsewhere.

ISSUE NO. 6: PROCEDURAL DELAYS COMPRESSING THE TIME AVAILABLE FOR VERIFICATION

We further place on record the following procedural concerns, each of which compounds the difficulty of completing verification within the SIR 2026 window:

- (a) The soft copy of the Draft Rolls was furnished to parties only on 01-08-2026, and the hard copy only on 04-08-2026 — well after the Draft Roll's own publication date of 31-07-2026.
- (b) As on 04-08-2026, no notices had been generated to electors on either the No Mapping list or the Logical Discrepancy list, leaving these electors unaware that any action is required of them.
- (c) As on 06-08-2026, some Booth Level Officers' mobile numbers/records had still not been updated to reflect the revised Polling Station numbers introduced during this SIR.

ISSUE NO. 7: 5 CONFIRMED, PHOTO-VERIFIED CASES OF MULTIPLE REGISTRATION IN THE DRAFT ROLL

In the course of our random audit of the Draft Roll, we first identified a wider set of instances where an elector's full name, relative's name and age appeared identical between two separate entries under two different EPIC numbers. Each of these was then individually verified by comparing the elector's photograph as it appears on the Draft Roll issued. On this photo-verification, 5 cases (10 entries in all) stand confirmed as the same living person registered twice, under two different EPIC numbers, at two different Part Serial Numbers. These are enclosed, together with the paired photographs relied upon:

- (a) Ms. Dhanusha Bobathina, D/o Naga Ganesh Bobathina, age 25, House No. 1-39 registered twice at the very same Polling Station (No. 20, Phiryadi Nainavaram, Vijayawada Rural Mandal), at consecutive Part Serial Numbers 289 and 290, under EPIC Nos. UOG1171834 and UOG1367317, the second entry erroneously recording her gender as Male.
- (b) Sri Nagur Basha Sayyed, S/o Nazeer Basha Sayyed, age 30, House No. 11-26 — registered twice within Gannavaram Mandal itself, once at Polling Station No. 146-Gannavaram (Sl. 472, EPIC UOG1082395) and again at Polling Station No. 142-Gannavaram (Sl. 199, EPIC UOG0918880).
- (c) Sri Nallamotheu Ajay Kumar, S/o Nallamotheu Vijay Kumar, age 19, House No. 1-115 registered twice within Vijayawada Rural Mandal, at Polling Station No. 25 (Anganwadi Centre-701, Ambapuram, Sl. 36, EPIC UOG2521169) and again at Polling Station No. 26 (Ambapuram, Sl. 284, EPIC UOG2521748).
- (d) Smt. Ramana Damma, W/o Narasimham Damma, age 50, House No. 3-102 registered twice at the same Polling Station (No. 243, Koyyuru, Bapulapadu Mandal), at Sl. 547 (EPIC UOG2224764) and Sl. 410 (EPIC UOG2401750).
- (e) Smt. Sowjanya Jasthi, W/o Ravikanth Jasthi, age 41 — registered not merely twice within one Mandal, but across two different Mandals of this very Constituency: at Polling Station No. 167, Kesarapalli, Gannavaram Mandal (Sl. 345, EPIC UOG2363364, address recorded as 'Sri Tirumala Nilayam') and again at Polling Station No. 302, Unguturu, Unguturu Mandal (Sl. 579, EPIC UOG1390491, address recorded as House No. 1-35).

We do not, even now, allege proven electoral fraud in each of these 5 cases; a data-entry or process error at the enumeration stage cannot be ruled out. But confirmed, photo-verified duplication on this scale — including one case (Smt. Sowjanya Jasthi) where the same person is shown enrolled at two Polling Stations in two different Mandals of the same Assembly Constituency — demonstrates a real and material gap in the Commission's own de-duplication process, and, in our respectful submission, is precisely the kind of case that ought to have been caught automatically before the Draft Roll was ever published. Indeed, it is not clear to us how entries as plainly identical as these — same name, same relative's name, same age, and in most cases the same house number — came to be 'Mapped' as distinct, valid electors at all, and we request the Commission to specifically examine how each of these 5 duplicate entries cleared the mapping/verification stage.

ISSUE NO. 8: SUSPECTED LARGE-SCALE DUAL ENROLMENT OF OUTSTATION-EMPLOYED VOTERS, PARTICULARLY IN POLLING STATIONS 24 TO 70, VIJAYAWADA RURAL MANDAL

The confirmed case of Smt. Sowjanya Jasthi at Issue No. 7 above — the same elector enrolled and mapped at two Polling Stations in two different Mandals of this Constituency, roughly 30 kilometers apart — is, in our respectful submission, proof of concept for a far larger and more serious concern that we now place on record. Thousands of white-collar and blue-collar workers native to this Constituency are today employed in Hyderabad, Bengaluru and other cities well outside Krishna District, many of whom retain a family home, and hence a listed address, both here and at their place of work. We strongly suspect that a significant number of such persons are enrolled as electors both at their native address in 71-Gannavaram AC and at their present place of work outside the State, because, to our knowledge, there exists no reliable, real-time cross-check between the electoral rolls of different States, or even between distant Assembly Constituencies within the same State, capable of catching this at the time of enrolment. We consider Vijayawada Rural Mandal, and Polling Stations 24 to 70 (old numbering) in particular — already the subject of our representation dated 23-07-2026 on ASDD List manipulation, and of Issue No. 4 above on the absence of any audit — to be especially vulnerable to this pattern, both because of the semi-urban, high-mobility population it serves and because of the very absence of verification we have already flagged for these booths. We are not, at this stage,

in a position to quantify the scale of this problem with the same precision as our other findings, as it requires cross-referencing against electoral rolls outside this Constituency, and indeed outside the State, which is not within our means. We request that the Commission itself undertake this exercise, using the EPIC-based national de-duplication database that we understand it maintains, with particular priority given to Polling Stations 24 to 70 of Vijayawada Rural Mandal.

RELIEF SOUGHT

In view of the foregoing, and in continuation of our three earlier, still unanswered representations, we respectfully request the Election Commission of India and the concerned authorities to:

- (a) Furnish, without further delay, a written, reasoned reply to our representations dated 05-07-2026, 21-07-2026, 23-07-2026 and to this representation, within three (3) days, given the compressed timeline before the SIR 2026 window closes on 30-08-2026;
- (b) Furnish immediately the booth-wise Logical Discrepancy (Anomalies) List for 71-Gannavaram AC, at least in soft copy, consistent with the practice followed in Bihar (2025) and directed by the Hon'ble Supreme Court in West Bengal (2026), both cited above;
- (c) Independently verify and confirm, in writing, that the Polling Station renumbering exercise across this Constituency has now been reconciled against every reference list — including the No Mapping list — for every Constituency where such renumbering occurred, so that no other genuine elector remains wrongly untraceable;
- (d) Conduct the reverification/audit already sought on 23-07-2026 of Enumeration Form issuance, collection and physical verification specifically in Polling Stations 24 to 70 of Vijayawada Rural Mandal, and separately, priority investigation of the disproportionate No Mapping concentration at Polling Stations 58, 59 and 53, Prasadampadu, before 30-08-2026;
- (e) Direct Booth Level Officers to physically verify the residency of electors at the 10 high-density house addresses identified in our earlier correspondence, with BLAs of all recognised parties present;

- (f) Cause a departmental enquiry into the 5 confirmed multiple-registration cases at Annexure-A, delete the duplicate entry in each case in accordance with due process, and take appropriate action if any staff member is found to have acted improperly or without due diligence;
- (g) Undertake, on priority, a cross-check of the electoral rolls of 71-Gannavaram AC — with priority given to Polling Stations 24 to 70, Vijayawada Rural Mandal — against the EPIC-based national de-duplication database, to identify and resolve any elector enrolled both at a native address here and at an outstation workplace, consistent with the pattern already confirmed in the case of Smt. Sowjanya Jasthi;
- (h) Publish a booth-wise list of every Polling Station number that has been revised/renumbered during this SIR, cross-referenced to its previous number, to enable parties to correctly trace electors on all historical and reference lists; and
- (i) Consider extending the SIR 2026 window for 71-Gannavaram AC, or in the alternative extend it, if the above verification cannot reasonably be completed by 30-08-2026 given the volume of unresolved items set out above.

We trust that the Election Commission of India and the concerned authorities will treat this matter, and our three earlier unanswered representations, with the urgency they deserve, and take decisive corrective action to preserve the sanctity of the electoral rolls of 71-Gannavaram Assembly Constituency, consistent with the Representation of the People Act, 1950, the Registration of Electors Rules, 1960, the ECI's own SIR 2026 guidelines, and the binding directions of the Hon'ble Supreme Court of India.

Thanking you.

Yours faithfully,

Dr. Vallabhaneni Vamsi

Sir/Madam,

Sub:- SIR 2026- 71-Gannavaram Assembly constituency - Manipulation of the ASDD (Absent-Shifting-Death-Double) List during the 10-day extension of SIR 2026 - Vijayawada Rural Mandal (Ramavarappadu, Prasadampadu and Enikepadu villages), Polling Stations 24 to 70, 71-Gannavaram Assembly Constituency - request for freeze, forensic audit, restoration of integrity and disciplinary action - Report called for -Regarding.

Ref:- Representation of Sri.Ravi Kumar Muppaneni, In -charge , Central Complaints cell, YSRCP, 71- Gannavarm AC, DT: 23.07.2026

& & &

I invite kind attention to the subject & reference cited.

It is to inform that in the reference cited, Sri.Ravi Kumar Muppaneni, In -charge , Central Complaints cell, YSRCP, 71- Gannavarm has filed a representation in which raised certain issues regarding manipulation of the ASDD (Absent-Shifting-Death-Double) List during the 10-day extension of SIR 2026 - Vijayawada Rural Mandal (Ramavarappadu, Prasadampadu and Enikepadu villages), Polling Stations 24 to 70, 71-Gannavaram Assembly Constituency and requested for freeze, forensic audit, restoration of integrity and disciplinary action irregularities, large-scale non -traceable enumeration forms, suspected bogus voter additions in 2024, and system failures in ECI portal

ISSUE NO. 1 — Unexplained, large-scale alteration of the ASDD list within seven days of the extension being granted

ISSUE NO. 2 — Categories "death" and "permanently shifted" cannot lawfully be altered without fresh field verification and due process

ISSUE NO. 3 — "No Mapping" / anomaly deletions are, in a large proportion of cases, clerical errors of the department being visited upon genuine voters

ISSUE NO. 4 — Duplicate enumeration forms and enrolment without residential proof.

It is further submitted that Sri. Ravi Kumar Muppaneni, In -charge , Central Complaints cell, YSRCP, 71- Gannavarm has requested for

(a) Immediately freeze all further changes to the ASDD List of Vijayawada Rural Mandal (PS 24 to 70) and order a forensic, booth-wise audit of every addition, deletion and category-change made between 13-07-2026 and 20-07-2026, with the audit findings shared with the BLAs of all recognized political parties.

(b) Independently reconstruct and verify the entire ASDD record of Polling Station No. 24, Ramavarappadu (339 voters), which is presently missing from the comparable data set, and place the reconstructed record on record with reasons.

(c) Direct that no entry in the categories "Death" or "Permanently Shifted" be altered without (i) a fresh, documented physical re-verification by the BLO, (ii) joint countersignature of the BLO and BLAs of all recognised political parties, and (iii) supporting documentary proof placed on record —consistent with ECI's SOP dated 11-08-2023 and the Hon'ble Supreme Court's directions dated 22-01-2026 and 24-02-2026.

(d) Cause a departmental inquiry into the conduct of the MPDO, Vijayawada Rural Mandal, and the BLOs/officials concerned, regarding the sudden and unexplained bulk alteration of the ASDD List within the extension window, and take appropriate action, including transfer/suspension pending inquiry, against any official found to have acted under political pressure or otherwise improperly.

(e) Direct joint, documented verification — with BLAs of all recognized parties present — of every instance of duplicate Enumeration Forms submitted at two addresses, and ensure that no enrolment is finalized without valid residential proof.

(f) Direct that "No Mapping" / anomaly deletions arising out of clerical spelling, spacing or transliteration variances between the 2002 SIR record and the present database — which account for the bulk of the 42,642 anomalies reported across the Constituency, as illustrated in the Booth No. 184 sample,

Enclosure 4 — be resolved administratively through correction of the department's own record, treating continuous linkage to the 2002/2004 SIR roll as sufficient proof of identity and residence, rather than requiring the elector to discharge a fresh burden of proof.

(g) Publish, on the CEO Andhra Pradesh website and voters.eci.gov.in, a booth wiselist of "No Mapping" electors and of every voter whose category has been changed during SIR 2026, together with the reasons recorded, to enable public scrutiny, consistent with the Hon'ble Supreme Court's directions on public display and hearing in the West Bengal SIR matter.

(h) Ensure that BLAs of all recognised political parties are associated with, and given advance written notice of, every verification, re-verification and hearing conducted in respect of the ASDD List, "No Mapping" cases, and category changes, for the remainder of the SIR 2026 process.

(i) Direct that no further alteration be made to any elector's category or status during the remainder of the extension period (up to 24-07-2026) without prior written notice to the BLAs of all recognised parties and a joint sign-off.

In view of the above, you are requested to examine the contents of the representation and take necessary action in accordance with the guidelines issued by ECI and report compliance within a week, so as to submit the report to CEO office.

End: ref.

Yours faithfully,
SPECIAL DEPUTY COLLECTOR
for District Election Officer &
Collector, Krishna
