The Deputy Inspector General of Police (DIG)

Anantapur,

Andhra Pradesh

Copy to:

The Hon'ble Home Minister, Government of Andhra Pradesh

The Deputy Inspector General of Police (DIG), Concerned Range

The Superintendent of Police (SP), Anantapur District

The District Magistrate & Collector, Anantapur District

The Inspector of Police, I Town Police Station, Anantapuramu

Subject: Complaint regarding direct harassment, threats, intimidation, political interference and attempted attack in connection with my property dispute – Request for immediate protection and impartial investigation – Reg.

Respected Sir/Madam,

I, Smt. Narahari Divya Bharathi, H.No. 87/1108-MLB, Mother Land, Kurnool District, respectfully submit this complaint seeking your immediate intervention and protection against the continuous harassment, threats, intimidation and political interference which I am facing in connection with my lawful property rights.

My mother-in-law, Late Smt. Narahari Eswaramma, was the owner of 10 cents of land bearing Sy. No. 396, Plot Nos. 65 & 66, situated at Bhairava Nagar, Anantapuramu District. She passed away in the year 2000.

The said property was subsequently occupied by certain persons on the basis of a document which, according to the facts and complaints made by us, was allegedly created through fraudulent and forged documentation. It is alleged that Sri Ganapuneni Venkateswarlu and Sri Mohan Reddy created a fictitious person in the name of Sri Panne Srinivasulu and, by using such documents, got the property registered in the year 2009 before the Sub-Registrar Office, Anantapuramu.

A criminal complaint/FIR was subsequently lodged in respect of the alleged fraudulent transaction. The matter was also placed before the competent Court, pursuant to which directions were issued to the District Registrar. In accordance with the said directions, the District Registrar subsequently cancelled the disputed document.

Despite cancellation of the disputed document, the persons occupying the property have continued to remain in possession and have prevented me from peacefully exercising my lawful rights over the property.

When I attempted to exercise my lawful rights over the property, I was confronted by the persons occupying the property, resulting in an altercation and a threatening situation. I accordingly submitted a written complaint before the Inspector of Police, I Town Police Station, Anantapuramu. However, despite the seriousness of the matter, I have not received effective protection or appropriate action to my satisfaction.

The most serious aspect of my grievance is the direct intervention and harassment allegedly being caused to me by Sri Daggupati Venkateswara Prasad, Hon'ble MLA of Anantapur.

I respectfully submit that the Hon'ble MLA has personally intervened in my property dispute and has directly contacted me through WhatsApp calls and WhatsApp messages/chats. Through such communications, I have been subjected to pressure, harassment and intimidation in relation to my property dispute and my decision to pursue my lawful rights.

The WhatsApp communications between myself and the Hon'ble MLA are available with me, and copies of the relevant WhatsApp chats and details of the WhatsApp calls are being submitted along with this complaint for the consideration and verification of the competent Police authorities.

I respectfully request that the said communications may be examined in their entirety and in their proper context, as they are directly relevant to my complaint and to the nature of the pressure and harassment being faced by me.

During the course of the alleged intervention, Sudhakar Yadav (town president TDP) entered into an agreement for a total amount of ₹70 lakhs and, towards the said transaction, issued a cheque for ₹10 lakhs.

After entering into the agreement for ₹70 lakhs, Sudhakar Yadav (town president TDP) initially agreed to make the payment as per the agreed terms. However, subsequently, he stated that he would pay only ₹10 lakhs and that he would not pay the remaining amount, and told me, "Do whatever you can; I will not pay the remaining amount."

He further threatened me by stating that unless I proceeded with the registration on his terms, he would file an SC/ST case against me. By making such statements and threats, he is attempting to intimidate and pressurize me into acting against the terms of the agreement.

I categorically state that I do not wish to surrender my lawful property rights or accept any settlement under pressure. I am seeking only a lawful resolution of the property dispute and protection of my rights.

I further submit that the harassment and pressure have escalated to such an extent that I now have a genuine apprehension for my personal safety.

A serious incident occurred on 16-09-2026 between approximately 8:30 PM and 9:00 PM, when I was returning from Bangalore towards Anantapur.

During the said journey, Sri Jaya Chandra Naidu, whom I understand to be the maternal uncle of the Hon'ble MLA, met me and spoke with me.

Subsequently, I became suspicious of the circumstances and apprehended that certain persons were monitoring or following my movements.

I have reason to believe that Sri Sudakar Yadav, stated to be the Anantapur District/Town President of the TDP, sent Sri Mangala Mohan along with approximately ten other persons, whose names are presently not known to me, towards me near a hotel.

Their presence and conduct caused me to seriously apprehend that I might be confronted, threatened or physically attacked.

As I became suspicious that something serious or unlawful might occur, I immediately left the place and returned towards Anantapur in my car in order to protect myself.

I respectfully submit that I am placing these facts before the senior Police authorities because I have a genuine apprehension that the incident dated 16-09-2026 may be connected with the continuing pressure and harassment concerning my property dispute.

I further apprehend that the persons involved may have acted in coordination with or under the influence of persons having political connections. I therefore request that the role of Sri Sudakar Yadav, Sri Mangala Mohan, Sri Jaya Chandra Naidu and the approximately ten unidentified persons be thoroughly investigated.

I specifically request that the Police authorities investigate whether the incident of 16-09-2026 was connected in any manner with the communications and pressure being exerted upon me concerning my property.

I respectfully state that I am not making these allegations with any intention of falsely implicating any person. I am reporting the facts and circumstances which I personally experienced and the genuine apprehension for my safety arising therefrom. I request the competent authorities to independently verify the allegations through available evidence, including the WhatsApp communications, call records, CCTV footage and statements of relevant witnesses.

I further submit that I am concerned that local Police officials may face political pressure while dealing with my complaint because of the political position and influence of the persons involved. I therefore request that the matter be monitored by a senior Police officer at the DIG/SP level or above, and that the investigation be conducted impartially and without any political interference.

I also request that necessary protection be provided to me whenever I am required to visit Anantapur, the disputed property, Police authorities, Revenue authorities, Registration authorities or any other authority in connection with the matter.

I respectfully request the senior Police authorities to ensure that I am not threatened, intimidated, harassed or compelled to withdraw my complaint or surrender my lawful property rights.

I further request that the continued occupation of my property, despite cancellation of the disputed document by the District Registrar pursuant to the competent Court's directions, may also be examined and appropriate action may be taken strictly in accordance with law.

I therefore humbly request the Director General of Police, Andhra Pradesh, the Hon'ble Home Minister, the concerned DIG of Police, the Superintendent of Police, Anantapur District, and other competent authorities to kindly intervene urgently and ensure that the entire matter is investigated impartially.

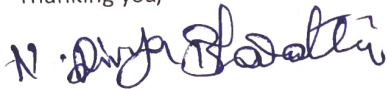

I request that the allegations concerning the direct harassment and communications from Sri Daggupati Venkateswara Prasad, Hon'ble MLA of Anantapur, the incident dated 16-09-2026, and the alleged involvement of the other persons named above may be independently investigated on the basis of the evidence available.

If the investigation discloses any cognizable offences, I respectfully request that the appropriate case be registered under the applicable provisions of law and necessary action be taken against the persons responsible.

I have full faith in the Police Department, the Government of Andhra Pradesh and the rule of law. I am approaching the senior authorities only because I genuinely fear further harassment and possible harm and because I want my lawful property rights to be protected without political or external interference.

I therefore humbly request your immediate intervention, necessary protection and an impartial investigation into the entire matter.

Thanking you,

Yours faithfully,

Narahari Divya Bharathi
